

QA TASK

1. Identify any design/interaction discrepancies and describe them clearly so the developer can easily understand where the issues are. Additionally, please review the page for any other potential issues and document them as needed.

Design: <https://www.figma.com/proto/1POIII1DQqSST2Ri5RXsdP/QA-Task?node-id=3310-56106&node-type=canvas&scaling=min-zoom&content-scaling=fixed&page-id=3310%3A56078&starting-point-node-id=3310%3A56106>

Live: <https://qa-task.nordcode.io/>

2. Create concise test scenarios for the search field (<https://qa-task.nordcode.io>) at the top of the page, covering key functionality and expected behaviors.
